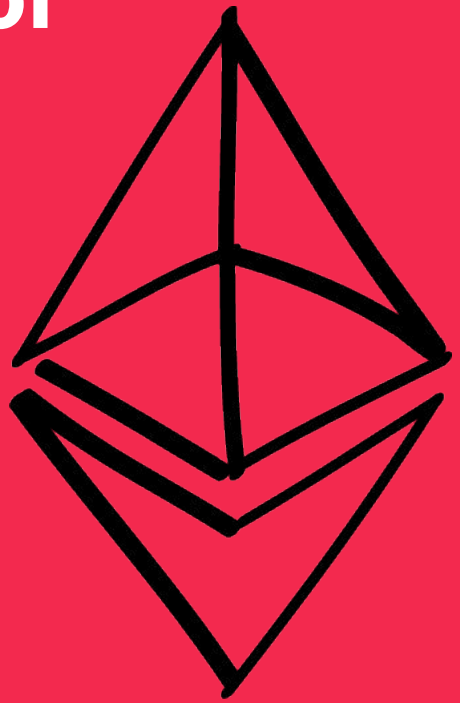
DAPPCON20

The Developer Conference for Ethereum dapps & infrastructure



8-10 September, 2020
radialsystem, Berlin

700+

Attendees

Get your product on the market! Test and **collect direct feedback** from over 700 attendees.

60+

Speakers

Network with the top minds in the Ethereum and wider blockchain space, including **founders, core researchers, funds, VCs,** and more.

25+

Live dapps

Be part of an environment where **decentralized tech comes to life**, from ticket sales to program curation.

Sponsorship Rewards

Get more visibility in the Ethereum ecosystem starting now!

Connect with strategically important partners!

Test your products with a community of enthusiastic users!

Establish presence in Europe's Ethereum dev hub, joining leaders from the US, Asia, and more.

Communicate your knowledge, and learn from the best!

The Venue
radialsystem

Join us this year in **radialsystem**, an eclectic Arts Center in a former industrial building with a waterside terrace.

A **seminar ship** anchoring next to the terrace will provide additional space for networking and workshops.

2019 Speakers

Vitalik Buterin

Constance Choi

Joseph Lubin

Austin Griffith

Mona El Isa

Alex van de Sande
